- **Operating System :** Windows, Linux.
- **Languages:** PHP , Java, C, Java Script, HTML, Matlab.
- **Frameworks:** Laravel, Bootstrap, JQuery.
- **Database:** MySQL, Oracle 10g.

Software Development (Course Projects)

- Project 100 :
  - **Title:** Combat Zone (game)
  - **Members:** Md. Abu Talha, Farzad Bin Fazle.
  - **Details:** Combat zone is a shooting game using
    C programming language graphics system.
  - **Github:** https://github.com/talha08/combat_zone

- Project 200:
  - **Title:** Image Editor.
  - **Members:** Md. Abu Talha, Farzad Bin Fazle.
  - **Details:** This is an image processing java based desktop
    application.
  - **Github:** https://github.com/talha08/image_editor

- Java Lab Project:

    Title: Bandwidth Monitor.

    Members: Md. Abu Talha, Farzad Bin Fazle.

    Details: This is a java based desktop application. This project
    can calculate uses bandwidth per second and there is
    some other features too.

    Github: https://github.com/talha08/bandwidth_monitor

- Database Lab Project:

    Title: Building Management System.

    Members: Md. Abu Talha, Farzad Bin Fazle.

    Details: This is a Web Project, build with Laravel .
    framework(php). Building Management System for Rent
    Building. User can chat with others here, owner can manage his
    account and can see which member complete payment and
    which not, User can create his daily Task here. Notification
    and messaging system also available.

    Github: https://github.com/talha08/Building-Management

Software Development (Other Projects)

- Secure Server:

    This is a PHP laravel framework based web application. This
    application is for Petty traders, Individuals, Small and Medium
    Enterprises which allows user to save from users daily sales.

- **Task Manager:**

  Task Manager, control worker Task, and assign new Task

- **Voting System:**

  This is a voting system using php framework name Laravel to make this system.
  Github: https://github.com/talha08/voting_system

- **Web Crawler:**

  Crawled several website data to make a site for home rental service.

- **Farmer Bazar:**

  This is a website for farmers, who can post his products data for selling with best price.
  Members: Md. Abu Talha, Mustafizur Rahman nebir,
  Al-Amin Nowshad.
  Github: https://github.com/talha08/Farmer-Bazar

Co-Curricular Activities

- Working as a Php developer under SCDN lab.
- Working as a part-time developer at InfancyIT.

Contest Activities

- National Hackathon –2014

  Water transport safety

  Team: SUST_Delta

- SUST CSE Carnival –2015

  Farmer Bazar

  Team: SUST_Droppers

Volunteer Activities

- Regular Blood Donor of 'Sanchalon/ Swapnotthon'.
- Worked as a data entry volunteer at SUST ADMISSION PROCESS.
- Worked as a volunteer at SUST CSE Carnival –2015.

Interests

- Developing
- Traveling
- Sports
